

## EVALUATION CRITERIA 2023-2024

MATHEMATICS I	
RICARDO ESTÉVEZ BASANTA	
CREDITS	6
NUMBER OF CLASSES	54 6 - PTs and reviews
NUMBER OF PROGRESS TESTS	3
FINAL EXAM	NO
EVALUATION CRITERIA	
EXAMS	60 %
WORKSHEETS	15 %
ASSIGNMENTS	15 %
PARTICIPATION	10 %
<p>Additional information:</p> <p><i>Worksheets, assignments and participation will be applied if the progress test has a mark <math>\geq 4</math>. If students don't reach that limit, the weighting will be 100% for the PT. Worksheet and participation are applied for each progress test. Assignments are applied at the end of the subject. A mark lower to 3,0 for any of the progress tests means suspense for the subject and the final mark will be the lowest mark between the three progress tests.</i></p> <p><i>The subject will be passed whenever the final mark (15% worksheets + 15% assignment + 60% PT + 10% Participation) is <math>\geq 4,95</math> (over 10). The final mark is the mean value of the three progress tests.</i></p> <p><i>Students of other promotions have weighting of 100% for PTs.</i></p> <p><i>Students who couldn't attend a sitting due to a <b>justifiable cause</b> have the option to present at the end of the subject a recuperative for each progress test.</i></p> <p><i>In the re-sit exam, the weighting and restrictions of the different aspects (WS + Assignment + Participation) will be maintained.</i></p> <p><i>Missing a third part or more of the sessions that comprise the subject will mean suspense regardless of the mark obtained.</i></p>
